Update on California’s Indoor Face Masking Requirement in Alameda County

Per the [State’s Face Covering Q & A](#), Alameda County’s [local face covering order and amendment](#) remain in effect. Residents will not experience any differences in policy. Everyone aged two and older, regardless of vaccination status, is required to wear a mask in indoor public settings, with a limited exemption for certain controlled settings with a small, stable group of fully vaccinated people. With vaccination and boosters, masks are one of the best tools we have to prevent spreading COVID-19 to family, friends, and community members. We will continue to monitor emerging evidence and the local epidemic to determine if changes to local mandates will be needed.
