Dear Employers,

COVID-19 and Its Impact on Health Care Services

The Alameda County Health Care Services Agency (ACPHD) is committed to protecting the health and safety of all residents in Alameda County. As the leading public health agency in the county, ACPHD is your primary source for information and guidance related to COVID-19.

COVID-19 has continued to evolve since its initial outbreak in 2020. The virus has spread rapidly across the globe, resulting in millions of infections and hundreds of thousands of deaths. In Alameda County, COVID-19 cases have been confirmed and are actively being monitored.

In response to the pandemic, ACPHD has developed protocols and guidelines to ensure the safety of employees and the public. These measures include contact tracing, isolation and quarantine, and vaccination strategies.

ACPHD continues to monitor the situation closely and make adjustments to our response as necessary. We urge all employers to stay informed and follow guidelines recommended by public health authorities.

If you have any questions or concerns about COVID-19, please contact ACPHD at (510) 274-4600.

Sincerely,

Colleen Chawla, Director
Kimi Watkins-Tartt, Director
Nicholas Moss, MD, Health Officer
