Agenda

1. Epidemic Update
2. Vaccine Updates
3. Outreach & Communications
Alameda County COVID-19 Epidemic Key Points

• Daily case rate is 4.8 per 100,000 – downward trend
  • Adjusted Case Rate is 3.7
• Test positivity 1.3%
  • 2% in lowest HPI quartile
• Hospitalized COVID cases 81; ICU 19
• Testing 8,000-8,500 per day
• Internationally, spring wave has exceeded winter wave
  • We had a very small spring wave that seems to have passed
• California remains stable
• Alameda County remains in Orange Tier of State’s Blueprint
Uncertainties in future COVID-19 risk

• Extent of vaccine campaign here and abroad
• Waning immunity
• Impact of new variants
• Pace of return to “normal” life
• Tolerance for restrictions
• Tolerance for COVID-19 morbidity and mortality
• We must continue to emphasize individual risk reduction for now

COVID-19 Vaccine for 12-15 year olds

- FDA authorization expected shortly for Pfizer vaccine for ages 12-15
  - 100% efficacy, safe, and well-tolerated in trial of 2,260 children
- HCSA/ACPHD and ACOE preparing to support local distribution:
  - School and district partnerships
  - Clinical providers
  - Pharmacies
  - Mass vaccination sites/Community PODs
  - Storage requirements and packing considerations impact distribution
- Next steps: engage stakeholders; convene CAG workgroup; prepare communication materials; explore state support resources
3. Vaccine Updates
Shifts in Vaccination Strategy

• HCSA’s multi-pronged strategy includes Mega PODs, health care partnerships, community PODs, and mobile pop-ups
• Mobile pop-ups and community PODs are popular, especially when paired with community partners and trusted messengers
• Demand for appointments declining with increasing overall vaccination rates
• HCSA planning to
  • Phase out Mega PODs
  • Increase community-based strategies
Evolving vaccination strategy

Community PODs = County supported PODs, up to 2,000 doses per day
Mega PODs = 4,000 – 6,000 doses per day
Mobile pop-ups = County supported partnerships with vendors and community organizations; up to 500 doses per pop-up
Health Care System = clinics, hospitals, pharmacies, and large health systems
Coliseum Update

• Coliseum site experienced a rapid reduction in first dose appointments during the last 2 weeks of April – ~4k/day to ~400/day
• CalOES concluding its deployment on 5/9/21
• Appointments for second doses scheduled through 5/23/21
• HCSA planning to maintain the Coliseum site through 5/23/21 to complete second doses and close thereafter
• Proposed with Carbon Health, Native American Health Center, Lifelong, Bay Area Community Health, and La Familia to complete second doses
CalOES/FEMA Mobile Trailers--Schedule

- 2 Trailers; 7 days per week
- April 12th-May 9th, 2021
- Up to 500 doses per day
- Pfizer
- Taking Drop-in appointments
- Almost all in HPI target ZIPS (Support Life only exception)
- Alameda County will provide 2nd doses for 2 full weeks of trailers with Clinical Partners
