WHAT TO EXPECT IF YOUR TEST IS NEGATIVE

- If your test is negative and you know that you had close contact with a person with COVID-19, please quarantine for 14 days. It can take 2-14 days for symptoms to appear.

- If your test is negative and you did not have close contact with a person with COVID-19, you can end your quarantine after getting your negative result.

- Stay home if you're sick, continue to wear a mask and keep at least 6 ft if distance from anyone you don't live with to avoid spreading COVID-19

Please follow the quarantine guidance
