## Using Closed Captioning

- Click **Closed Caption** in the controls at the top or bottom of your screen
- After selecting Closed Caption, you will see the captioning at the bottom of your screen.
- If you need to adjust the caption size
  - Click on the arrow next to stop/start video and choose Video Settings
  - Click on Accessibility
  - Move the slider to adjust the caption size

## Como Usar los Subtítulos

- Haga click sobre Closed Caption en los controles arriba en su pantalla
- Después de seleccionar “Closed Caption”, verá los subtítulos al pie de su pantalla
- Si necesita ajustar el tamaño de los subtítulos
- Haga click sobre la flecha cerca de “stop/start video” y elija “Video Settings”
  - Haga click en “Accessibility”
  - Mueva el deslizador para ajustar el tamaño de los subtítulos

# Alameda County COVID-19 Vaccine Community Advisory Group

[COVAX@acgov.org](mailto:COVAX@acgov.org)

Meeting 9  
April 20, 2021

Alameda County  
Health Care Services Agency

Alameda County Public Health Department  
Celebrating Healthy People in Healthy Communities

# Agenda

1. Housekeeping & Welcome
2. Partner Updates
3. County Vaccine Updates
4. County Community Strategy
5. CAG Going Forward
6. Panelist Comment/Q&A

**Panelists:**

Please keep your microphone on mute  
while not speaking

**Attendees:**

Feel free to include questions in the Chat

## 2. Partner Updates

# 3. County Vaccine Updates

+ PSA

# Alameda County COVID-19 Vaccination Dashboard

% ≥ 16 Years with at Least One Dose

61.4%

See Counts

Remainder of County	54.4%	32.9%
San Leandro	62.0%	39.1%
San Lorenzo	60.9%	38.6%
Sunol	66.1%	43.2%
Union City	63.5%	37.5%

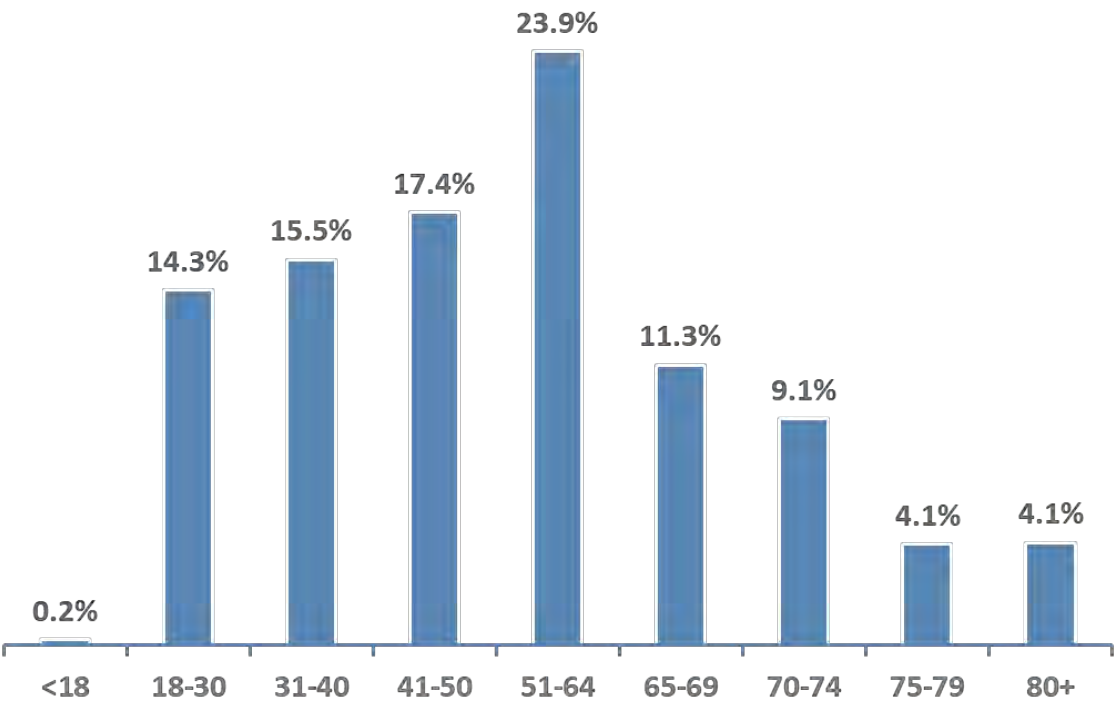

# >115k first doses administered at Alameda County PODs

Doses Administered by Race/Ethnicity  
@Alameda County PODs through 4.16.21

Orange = % of County population over age 16

Doses Administered by Age Group  
@Alameda County PODs through 4.16.21

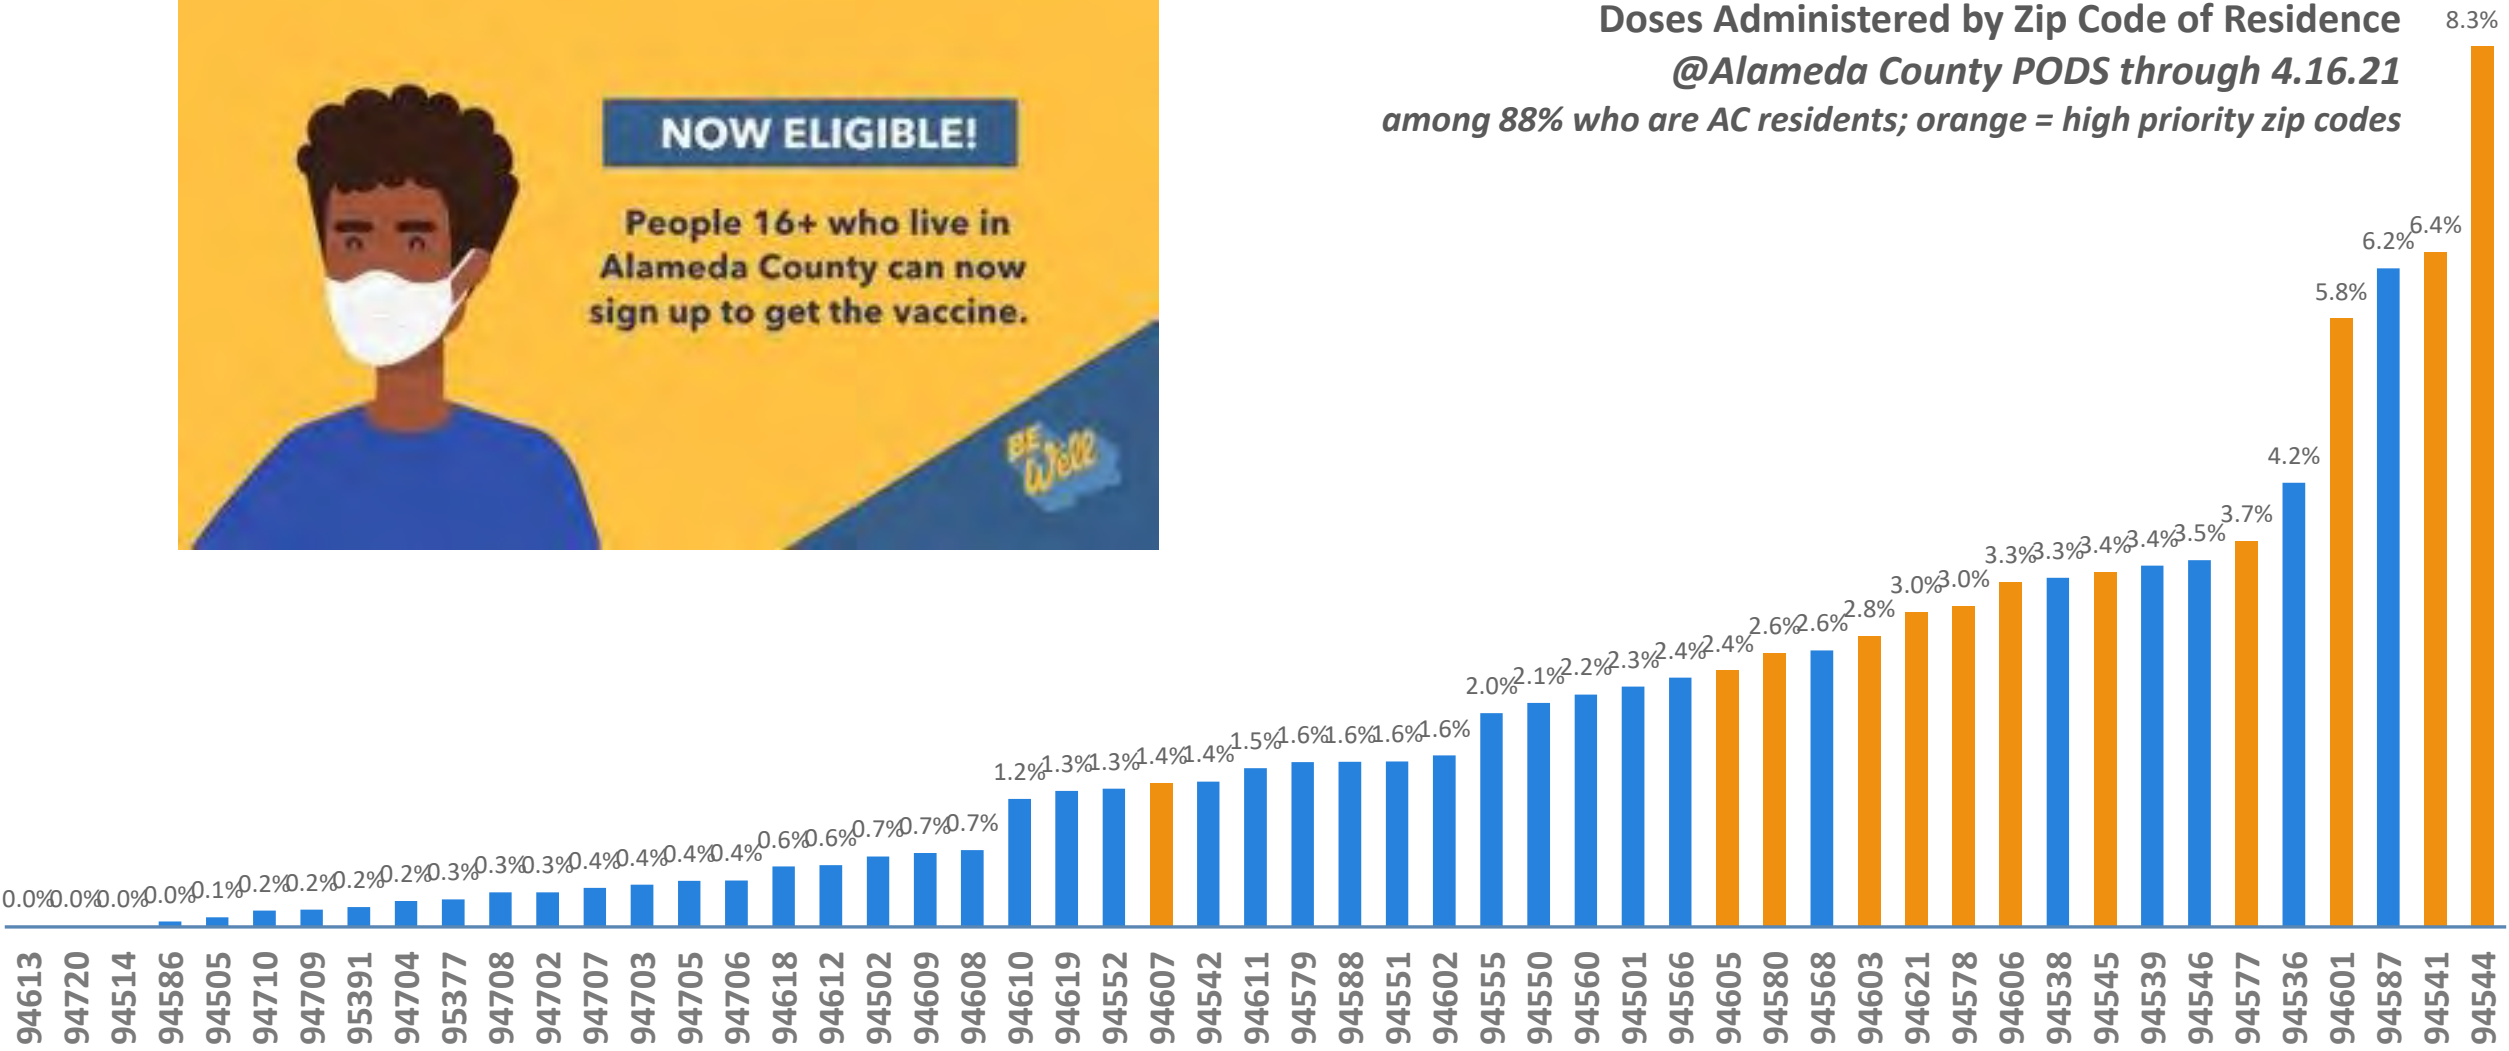

# Alameda County PODs prioritize access for highly-impacted communities

Doses Administered by Zip Code of Residence  
@Alameda County PODs through 4.16.21  
among 88% who are AC residents; orange = high priority zip codes

# Johnson & Johnson Vaccine Pause

CDC and FDA recommended pausing administration of J&J vaccine (4/13)

- Alameda County suspended administration of J&J the same day

6 reported U.S. cases of blood clots in individuals who received J&J vaccine

- Women ages 18 to 48
- Symptoms occurred 6 to 13 days after vaccination
- One death reported

6.8 million doses of J&J vaccine have been administered in the U.S.

- 1.4 million women ages 20 to 50

CDC Advisory Committee on Immunization Practices met 4/14

- No recommendation yet; next meeting 4/23 after more data review
- Western States Scientific Safety Review Workgroup also reviewing data

# COVID-19 “Vaccine Breakthrough”

COVID-19 infections in a fully vaccinated person

An expected occurrence with COVID-19 vaccines (and any vaccine)

- COVID-19 vaccines are highly effective but not 100%
- Community transmission of COVID-19 is still at moderate level
- Many reported breakthroughs are asymptomatic infections
  - Some are likely not new infections
  - Clinical trial effectiveness was based on symptomatic disease

Concerning breakthrough infections

- Hospitalizations, deaths, severe illness due to COVID-19
- Also expected to occur, but should be uncommon
- Might represent variant strains for which vaccines are less protective\*

# Vaccine Breakthrough Monitoring

- CDC reported 5,813 breakthrough cases as of 4/13
  - 7% hospitalized and 1% died
    - Includes non-COVID hospitalizations and deaths
  - 29% asymptomatic
  - 75 million people in the US fully vaccinated
- ACPHD had 93 reported breakthrough cases as of 4/14
  - No hospitalizations or deaths due to COVID-19 among these cases
  - 65% asymptomatic – mostly tested for routine screening
  - 340,000 full vaccinated
- CDC and CDPH shifting to focus on hospitalizations and deaths
- COVID vaccines are excellent - breakthroughs are rare but expected events

# CDPH Modified Guidance for Fully Vaccinated Persons

## Fully vaccinated people may:

Spend time with other fully vaccinated people, including indoors, without wearing masks or physical distancing.

Spend time with unvaccinated people *from a single household who are at low risk* for severe COVID-19 disease indoors without wearing masks or physical distancing.

Refrain from quarantine and testing following a known exposure if asymptomatic (*outside the workplace setting*).

## Full vaccinated people should continue to:

Wear face coverings and maintain physical distance when in public or with persons at high risk for severe COVID

Follow gathering guidance when gathering with any unvaccinated persons

Get tested for any COVID symptoms and isolate if testing positive

## Governor @ Tiburcio: Community-based PODs the "backbone" of vaccination system

"...communities... (like Alameda County) opened vaccinations to all adults before Thursday... Newsom said he was “frankly grateful” that those communities had taken that step."

# One Link To Rule Them All (OLTRA) Centralized Vaccine Registration

- <https://covid-19.acgov.org/vaccines> “Sign Up To Be Notified”
- Administered by Primary
- Questionnaire at the end to capture requests for bed-bound/homebound persons (after being put on the wait list)
- Can be translated into 7 languages
- Appointment Links emailed & texted to those on the wait list

VaccinateCA is a community-driven effort to help Californians learn accurate, up-to-date, verified information about the coronavirus vaccine.

VaccinateCA professionals call medical professionals at hundreds of potential vaccination sites daily, asking if they have the vaccine and how to get an appointment.

VaccinateCA is committed to ensuring that those with historical disadvantages have equitable access to all the information we report.

We call hospitals, pharmacies, and other health providers across California every day to find out if they are currently administering vaccines. The medical professionals working at these providers tell us about their current vaccination programs and we report what they say here. While we do our best to verify all information we receive, we strongly encourage you to check with your doctor or local officials if you have questions about a vaccination site.

**✓ Vaccines reported available**

**Highland Hospital – Oakland (Alameda Health System)**

[Alameda County](#) · [1411 E 31st St, Oakland, CA 94602, USA](#)

# East Bay Paratransit Advocacy & Updates

- Currently EBP provides free rides to Oakland Coliseum and riders must disembark, and schedule two rides, one to get there and then a return ride
- Our asks to reduce transportation barriers for seniors/people with disabilities:
  - Round Trip Rides to reduce challenges of scheduling a return ride
  - Vaccinations for riders on EBP vehicles and drive-through vaccine sites
- Ongoing Advocacy with East Bay Paratransit
  - Supervisor Carson's Office
  - Constituents
  - CAG Members
  - BART and AC Transit Board of Directors

# 4. County Community Strategy

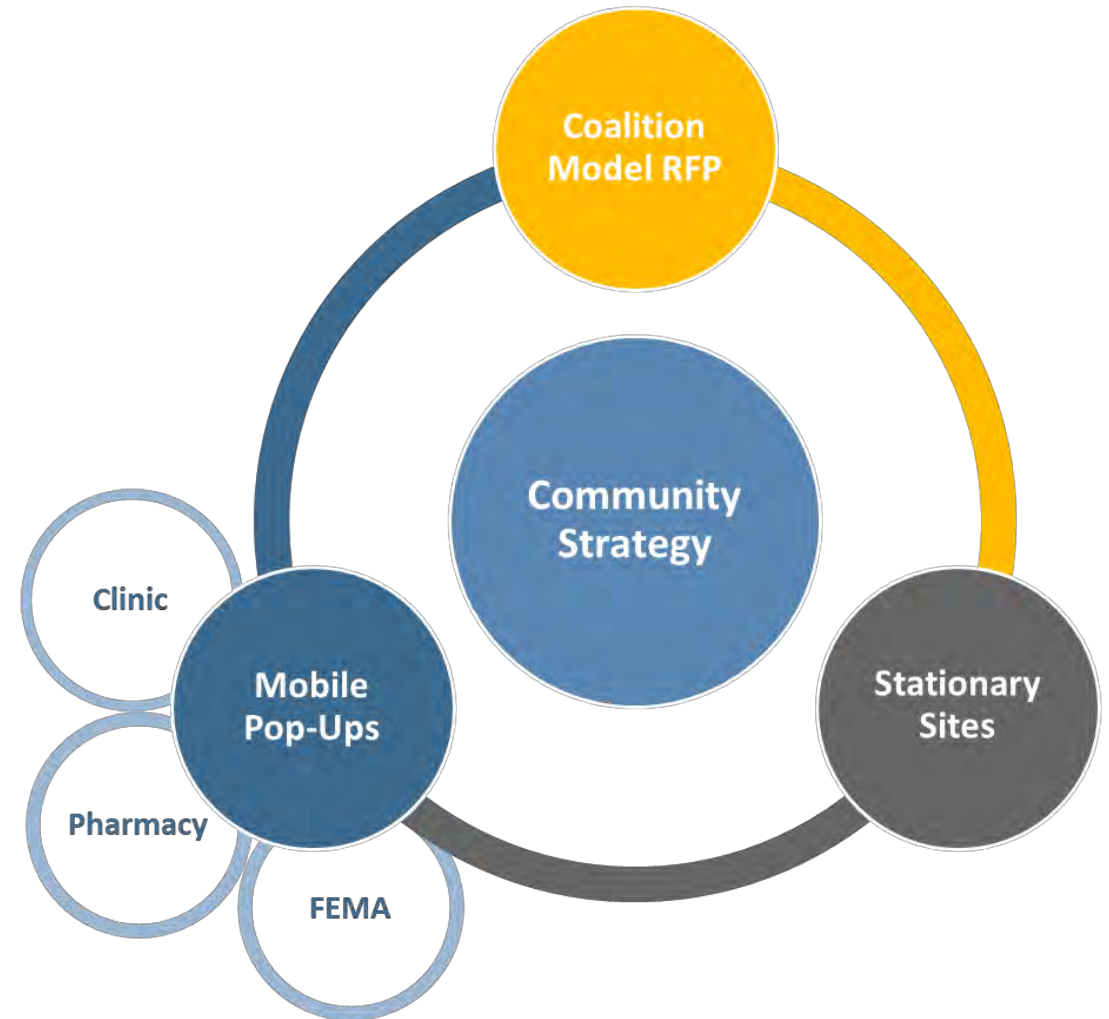

# Community Vaccination

- Community-based Stationary PODs
  - Fremont High
  - Hayward Adult School
  - Allen Temple—May
  - South Hayward & Fremont—In Discussion
- Pop Up PODs
  - Mobile Pharmacy Partnership
  - FEMA/CalOES Mobile POD Partnership
  - Community Pop-Up PODs

## Coalition Model supports Community-Based and Pop-Up Community PODs

- RFP

# Mobile/Pop-up Vaccination Clinics

- Over 2,000 vaccine doses delivered at partner sites. Some recent examples:
  - Family Laundry
  - Beth Eden Baptist Church
  - Regional Center East Bay
  - Gujarati Cultural Association
  - Castro Valley Adult School
  - Parivar

# Alameda County COVID-19 Vaccine Attitudes Survey

**PURPOSE:** *to gather information about COVID-19 vaccine beliefs and attitudes among Alameda County residents that could help reach diverse audiences with tailored health promotion and education materials.*

**CONTENT:** *whether and when people intend to get a vaccine, attitudes about vaccine safety; efficacy and value for prevention COVID-19 infection; factors influencing their decision; where people turn for trusted information; demographics.*

- Anonymous and confidential.
- Online [English](#) and [Spanish](#).
- Paper – mail to: Dr. Liz Maker, CAPE Unit Evaluation Manager, 1000 San Leandro Blvd, 4<sup>th</sup> Floor, San Leandro, CA 94577; scan and email to [COVID19Surveys@acgov.org](mailto:COVID19Surveys@acgov.org).
- 18-questions (8-10 minutes).
- Survey will run through May.

Dr. Liz Maker – (510) 267-8096 or [liz.maker@acgov.org](mailto:liz.maker@acgov.org).

# 5. CAG Going Forward

Proposal for discussion: monthly meetings with mid-monthly update?

# 6. Panelist Comment/Q&A
